

Entry Announcement:

“2023 FIA World Endurance Championship, 91st 24 Hours of Le Mans”

D'station Racing announces its Japan entry in the 2023 FIA World Endurance Championship and the 91st 24 Hours of Le Mans, which will be the fourth round of the series and the 100th anniversary of the historic endurance race. D'station Racing will compete in the LMGTE-AM category with the Aston Martin Vantage GTE.

In its second WEC season in 2022, D'station Racing unfortunately encountered mechanical problems at the 24 Hours of Le Mans that forced the team to an early retirement. However, the team's season highlight came at round five at the 6 Hours of Fuji, starting from last position on the grid to finish 3rd on the podium in front of its home crowd at Fuji International Speedway.

Going into its third WEC season, D'station Racing will continue its collaboration with TF Sport to compete in all seven rounds. With Charlie Fagg's FIA categorization changing to Gold, Satoshi Hoshino and Tomonobu Fujii welcomes Casper Stevenson as the new silver driver for the 2023 campaign. The 19-year-old, British driver's career has included racing in Formula 4, Formula 3, and GT World Challenge Europe.

As always, thank you for your ongoing support.
Team and schedule details are listed below.
